

Auto Service Summary

Shop: Performance Tire & Auto, 1735 N Kansas Ave., Topeka, KS 66608
Date: 6/11/2025

Reason For Visit

The vehicle was brought in due to issues with alignment, specifically concerns about the steering wheel being crooked, potential pulling at low or high speeds, possible vibrations, and any unusual noises. Additionally, a tire and wheel inspection was conducted.

Repair Summary

During the visit, a courtesy inspection was performed and several components related to the vehicle's suspension and steering were replaced or adjusted to correct alignment issues.

Major

- Replaced control arms: These are parts of the suspension system that help maintain stability while turning and support the vehicle's weight.
- Replaced ball joints: These act as pivot points for steering and suspension, allowing the wheels to move and turn smoothly.

Moderate

- **Alignment:** This process adjusts the angles of the wheels so they are aligned with each other and the road. Proper alignment aids in tire wear and ensures the vehicle moves straight without pulling to one side.

Minor

- **Courtesy Inspection:** A routine check to evaluate the overall condition of the vehicle.
- **Tire/Wheel Inspection:** This ensures the tires are in good condition and properly aligned with the wheels to improve safety and performance.

Cost Breakdown

- Control Arms: \$306.30
- Ball Joints: \$260.26
- Alignment: \$119.21
- Mechanic Labor: \$942.14
- Environmental & Technology Fee: \$3.88
- Job Supplies: \$86.43
- Sales Tax: \$160.65
- Total: \$1,878.87

What Does This Actually Mean?

Your vehicle had issues with steering and alignment, which could cause difficulties in driving straight, unusual tire wear, or noises during operation. The repairs replaced parts crucial for smooth steering and suspension, while also correcting alignment to ensure the car drives properly and safely.

Other Notes

All service work completed is covered by a nationwide 24-month/24,000-mile warranty. If you have any further issues or concerns, you can contact Performance Tire & Auto at 785-354-1410.

Recommendations

Regular maintenance and checks are recommended to keep your vehicle in good condition. Pay attention to any changes in driving behavior, and do not hesitate to bring your vehicle in for inspections or service as needed. Ensure tire pressures are checked regularly to support alignment and handling.
